

Self Serve Cold Food Display

The Woodson buffet style cold well self serve unit uses unique refrigeration principles to ensure food is always kept at the required temperatures.

The self serve unit is supplied with the Woodson smart design gantry. The display doors on both sides simply lift up and lock into position acting as sneeze guards

Display doors also act as sneeze guards

Cold air is blown above and below the produce

Optional pan combinations

FEATURES & BENEFITS

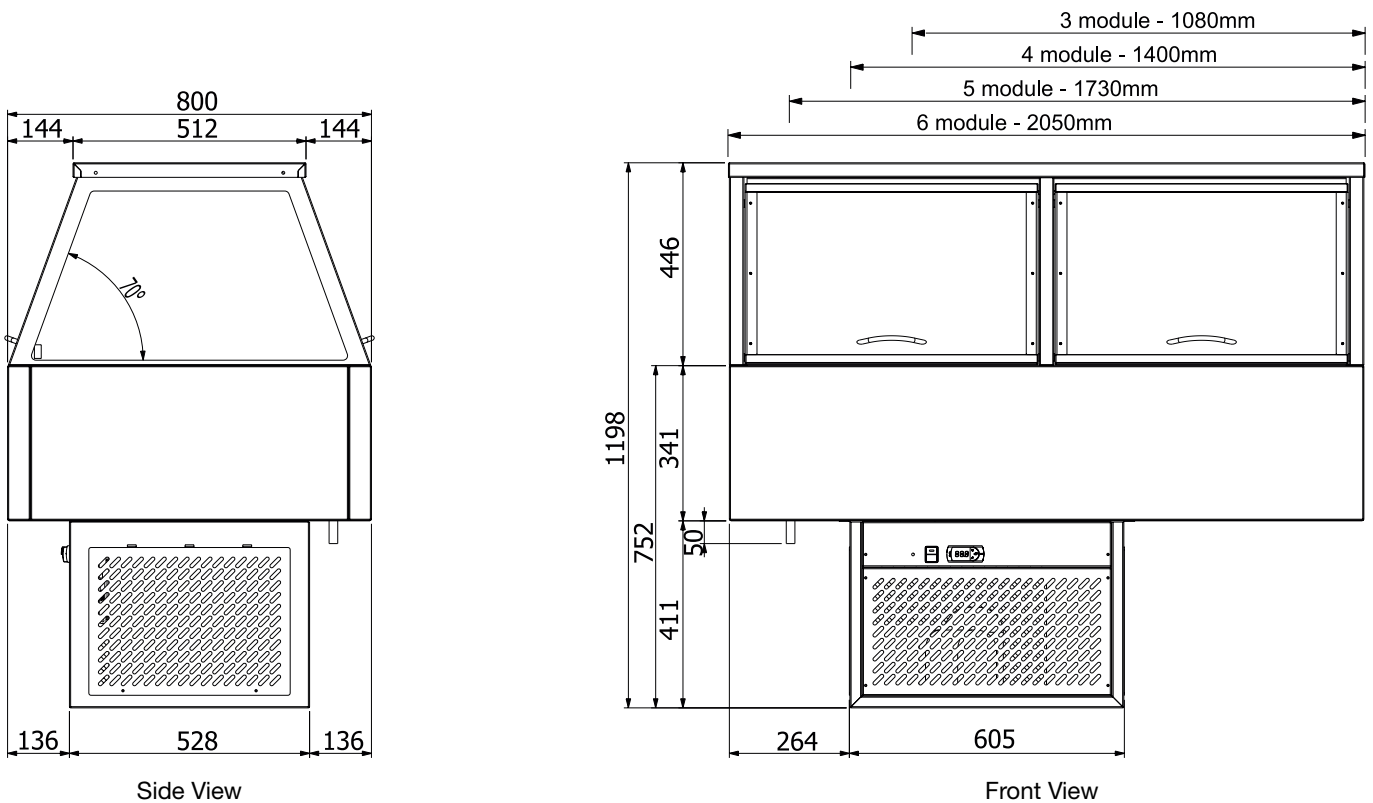

- Refrigerated ingredient well with cold air blowing over and below 100mm deep gastronorm pans
